The features you'll love

- The Aberration Neutralizing System™ is designed to enhance vision quality by minimizing an optical imperfection† commonly found in eyes.²
- Aquaform Technology locks in water - so you can have incredible comfort all day long - and helps your eyes stay clear and white, by delivering the oxygen your eyes need.*
- A smooth surface with special rounded edges enhance comfort by minimizing interaction between your contact lenses and your eyelids.

* During daily wear.

† Spherical aberration.
