

# MyDay<sup>®</sup> daily disposable toric

CooperVision<sup>®</sup>  
Live Brightly.<sup>®</sup>

High-performing 1-day contact lenses  
for wearers with astigmatism.

## Replacement Schedule

Daily

## Corrects

Astigmatism

You demand more from your toric contact lenses: Beyond clear, stable vision, you insist on extraordinary comfort to help you stay on top of your high-intensity lifestyle. MyDay<sup>®</sup> toric lenses from CooperVision, a world leader in soft toric contact lenses, are made with the same design features found in Aspire<sup>™</sup> PRO toric. They are also part of the MyDay<sup>®</sup> family: Our softest 1 day silicone hydrogel lenses ever\* and the world's first 1-day contact lenses made with CooperVision<sup>®</sup> Aquaform<sup>®</sup> Technology to help keep your eyes looking clear and white and feeling comfortable. With MyDay<sup>®</sup> toric, you're ready to take on your day.

## The features you'll love

- Optimized Toric Lens Geometry<sup>™</sup> incorporates special design features to provide predictable orientation and stable fit for consistently clear vision.
- Aquaform Technology locks in water—so you can have incredible comfort all day long—and helps your eyes stay clear and white, by delivering the oxygen your eyes need.\*\*
- UV blocker helps protect your eyes against the transmission of ultraviolet rays, helping support your eye health.‡
- Convenient daily replacement schedule with no cleaning required, so you're always good to go.

\* Compared among CooperVision 1 day silicone hydrogel contact lenses. Data on file.

\*\*High-oxygen transmissibility promotes clear, white eyes.

‡ Warning: UV-absorbing contact lenses are not substitutes for protective UV-absorbing eyewear, such as UV-absorbing goggles or sunglasses, because they do not completely cover the eye and surrounding area. Patients should continue to use UV-absorbing eyewear as directed.
