# ASPIRE™ GO MAX

Great value and high breathability<sup>1</sup> in a convenience  
daily disposable contact lens

If you're health conscious and looking for an affordable, high-performing contact lens that will keep you feeling good about your wallet and your eyes, look no further than CooperVision® **ASPIRE GO MAX** contact lenses.

With **ASPIRE GO MAX**, you can be confident that your eye health is supported because you replace each lens daily, it has a built-in UV blocker\* and it's made with a healthy lens material that delivers 100% of the oxygen your eyes need.<sup>††1</sup> While wearing **ASPIRE GO MAX** contact lenses, you'll enjoy excellent vision quality<sup>2</sup> and a comfortable lens-wearing experience, all at a price that'll make you smile.

## Replacement Schedule

Daily

## Corrects

Nearsightedness

Farsightedness

## The features you'll love

- **Soft silicone hydrogel lens material with high breathability** helps keep your eyes healthy and whiter.<sup>‡1,3</sup>
- WetLoc® Technology and high water content help keep your contact lenses moist, supporting excellent all-day comfort.
- UV blocker helps protect your eyes against the transmission of ultraviolet rays, helping support your eye health.\*

\* Warning: UV-absorbing contact lenses are not substitutes for protective UV-absorbing eyewear, such as UV-absorbing goggles or sunglasses, because they do not completely cover the eye and surrounding area. Patients should continue to use UV-absorbing eyewear as directed.

† During daily wear.

‡ With higher oxygen permeability than hydrogel materials, silicone hydrogel contact lenses minimize or eliminate hypoxia-related signs and symptoms during lens wear.
